## Sport Premium Statement

The Sport Premium is an amount of money given to schools in addition to their main budget. Every school receives a fixed amount of funding for each pupil. The funding is provided to schools so that they can further develop and improve the provision of PE and Sport. Schools are free to determine how best to use this funding to improve the quality and breadth of PE and Sport provision, including increasing participation in PE and Sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.
